No. 282
April/June 2016

'Come, my people,
enter thou into thy chambers,
and shut thy doors about thee:
hide thyself as it were for a little moment,
until the indignation be overpast.'

Isaiah ch.26 v.20

The Battle for Britain

by Robert Phillips

'And I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.'

Revelation ch.18 v.4

On September 11th - enemies attacked the city by air, killing thousands of civilians, reducing landmark buildings to rubble - to terrorise a nation. No, I'm not referring to September 11th 2001. I remember that well, as we were in America at the time. I'm going back to an event some of us will not remember, over 75 years ago, when the Nazis blitzed London - The Battle of Britain, 1940.

The then Prime Minister, Winston Churchill, delivered one of his most inspiring speeches. He began with these memorable words.

'It is with devout but sure confidence that I say: Let God defend the Right...'

His powerful words, acknowledging God as our defence, mobilised the people, and within days the enemy retreated — the Battle was won!

The words he used in his speech to the House of Commons, after the signing of the Munich Agreement, were prophetic, not only of the events leading up to the Battle of Britain, but equally relevant to the Battle for Britain today, with regard to the European Union (EU).

We must wake up to the fact that we are engaged in a vital battle for our sovereignty, and our Christian heritage! In the latter part of his speech, speaking of '... our loyal, brave people, who were ready to do their duty no matter what the cost ...', Winston Churchill said this.

'They should know that there has been gross neglect and deficiency in our defences; they should know that we have sustained a defeat without a war, the consequences of which will travel far with us along our road; they should know that we have passed an awful milestone in our history, when the whole equilibrium of Europe has been deranged, and that the terrible words have, for the time being, been pronounced against the Western democracies ...'

'... Thou art weighed in the balances, and art found wanting'.

Daniel ch.5 v. 27

‘... do not suppose that this is the end, this is only the beginning of the reckoning. This is only the first sip, the first foretaste of a bitter cup which will be proffered to us year by year unless by a supreme recovery of moral health and martial vigour, we arise again and take our stand for freedom as in the olden time.’

These words are also prophetic of our defeat without a war, by the European Union, by which the whole equilibrium of Europe has been deranged, and our need to rise again and take our stand for freedom.

The Battle for our Christian Heritage and Civil Liberties

It is a fact that not only we, but Western civilisation itself, is fighting for survival. Our enemies today are many, and much more difficult both to identify and target, than those we have faced in the past.

Joel ch.2 v.25 refers to the ‘years that the locust hath eaten’. Locusts have four kinds, or stages of development, which in contemporary application are these.

1. The swarming locust represents terrorism (the IRA, and especially Islamic terrorism). It also represents ungodly uprisings, such as so-called LGBTI (Lesbian, Gay, Bi-sexual Transgender, and Intersex) activists etc. It pictures a globalist agenda.

Is this not also a prophetic picture of the masses of migrants, moving through Europe and many towards the UK?

2. The creeping locust represents the gradualism tactic that has been used, especially through the media, to bring about the gradual acceptance of a moral, political and spiritual world view that was once unthinkable — a view which serves the agenda of the ‘sick society’. It has been especially effective in softening attitudes to the EU.

3. The stripping locust represents a process which, through and since two world wars, has stripped us of our empire, devolved our once United Kingdom, selling out our sovereignty and heritage. Perhaps the major part has been played by the EU.

4. The devouring locust is at work to ‘swallow up’ our nationhood and citizenship, as well as our civil and spiritual liberties.

These ‘locusts’ are a picture of judgment. We are involved in a spiritual battle, and only God Himself can truly restore our nation.

The Nazi Plan — the European Union

Many are now aware that a European Union, with a single Federal Government and Monetary Union, was Nazi strategy for Europe. Ironically, in spite of supposedly losing two world wars, it is Germany that is leading the EU.

The Prophetic Significance of The Treaty of Rome

Egypt and Assyria were the two major empires preceding the 'beast kingdoms' referred to in Daniel chs 2,7,8 & 11, identified as Babylon, Medo-Persia, Greece and Rome. Revelation ch.17 v.10 says the five preceding kingdoms have fallen and one is — meaning Rome.

Significantly, the Roman Empire was succeeded by the Roman Papacy, which gave power to the Holy Roman Empire, and subsequent powers existing with the 'blessing' of Rome.

A vision of a restored 'Holy Roman Empire' was at the heart of forming a European Community, and signing The Treaty of Rome. We must therefore, recognise the prophetic significance of the EU.

The Referendum — Is this God's Time of Deliverance?

With the prospect, finally, of an in/out Referendum on British membership of the European Union, we must seize the opportunity to reclaim our Nation, its constitution, sovereignty and heritage.

Whereas at one time a vote to come out of the EU would have been inevitable, the problem is, as our right to a referendum has been resisted for so long, our people have become conditioned to being in Europe. We have got used to extortionate VAT (Value added Tax) payments and other taxes being levied towards our EU contributions. Also we are blind as to the extent to which our laws are being dictated by Brussels.

We have got used to the idea of being a multicultural, multi-faith society, and have forgotten what it once meant to be British. We enjoy trading and travelling in Europe, and once we have changed our Pounds for Euros, we can use them throughout Europe.

Regardless of negotiations, by stealth, a single European State is virtually forged. The stated aspirations of some of our Euro-fanatic politicians, for Britain to be 'at the heart of Europe', are a fantasy! In many ways, Britain has always been an outsider yet also at the heart of things. Britain was not 'at the heart' of the forming of the Treaty of Rome. In fact, British membership of the EEC (European Economic Community) was repeatedly opposed in its formative stages.

Whilst Germany and France continue to be the main players, they want Great Britain to stay in the EU. What many are unaware of is,

that as badly as Britain has so often been treated, the UK was one of the ten Nations of the Western European Union to commit to the mutual military defence of Europe. The ten also agreed to, 'promote the unity and encourage the progressive integration of Europe'.

This agreement was incorporated into the 2009 Lisbon treaty. In other words Britain is an essential part of the fabric holding the EU together.

Britain is also seen as indispensable, because of our historic international influence, especially with the United States of America. However, whether inside or outside of the European Union, as a superpower in its own right, Britain's influence would not be affected.

Perhaps some are actually stupid enough to believe the government propaganda, that the tweaking of Benefit laws for migrants will solve all our immigration issues. We need to awake to the fact that this country is in a mess, socially, morally, politically, economically and spiritually; coming out of the European Union will certainly not solve all our problems but it is the absolutely vital first step!

Wake-Up! We Are Already Part of a Federal Europe

Many political, constitutional and economic reasons could be given as to why we should get out of the European Union. It is effectively a centralised dictatorship, run by its so-called President and Commission. Its attempt to create an Economic Monetary Union is a disaster, and is at the centre of our economic problems. I understand the UK gross daily contribution to the EU is £50,000,000.*

Thankfully, Britain opted out of the Euro currency. Though it affects all member States, we had no say in the rules governing the Economic Monetary Union. Instead, we had to stand on the sidelines of the shenanigans of this failed union of unequal economies, as some collapse like drunken men, while others try in vain to hold them up. Yet, directly or indirectly, we all pay the price of this fiasco.

The UK now receives the bulk of its laws from the EU, and the agricultural and fishing policies of the Eurocrats have affected us all! The treaties we signed have already made us citizens of a Federal Europe, with essentially no borders, and the 'free movement' of peoples, seemingly not only from Europe, but through Europe.

The European Union has a President, a Currency, an autocratic Commission, a 'National Anthem', and plans for its own Armed Forces. Euro-fanatics are either abysmally naive, or treacherously reckless, in being prepared to sell out our British culture, heritage and identity.

* This figure is based on our gross contribution before rebates.

A Nation without Autonomy — a Prey to a Global Agenda

Without exonerating our Government, and the influence of our own permissive society, we cannot fail to recognise the degree to which international pressure, via the United Nations, in conjunction with the European Union, has influenced and forced successive governments to adopt 'politically correct', but morally abhorrent, policies and laws.

With UK annual abortion rates approaching 200,000, and the 'legalisation' of homosexual so-called 'marriage', in an increasingly 'permissive society', surely the term 'Sodom and Gomorrah' applies to us also, as it did to Judah in Isaiah ch.1 vv 9-10. God's Word tells us that the judgment of God falls on a society who not only commit such acts, but who 'take pleasure in those who do such things' (see Romans ch.1 v.32).

Significantly, many nations have almost simultaneously passed similar ungodly laws. Yet, we are apparently, obstinately oblivious of the fact that only as an independent nation would we be able to pass righteous laws, and not be subservient to a global One-World system.

We must not be fooled by so-called re-negotiations

The Prime Minister's plans to renegotiate Britain's relationship with the European Union are frankly a pipe-dream — too little, too late! When the Prime Minister Mr Cameron says he wants to stop federalism, and go back to being a Common Market, does he seriously expect us to believe his negotiations can rewrite all these treaties and change the fundamental nature of the European Union? Changing the Benefit Law, and any other juggling acts, are just window-dressing — and will have no realistic effect on the 'free movement of peoples', or Euro-Federalism.

It is time to wake up to the real issues at stake. Our true British character, with its sense of fair-play, tolerance and charity has long been 'taken for a ride', as these very qualities have been exploited to deny our own identity, culture and heritage. In fact, we are being swallowed up, not only in Euro-Federalism, but also in the quagmire of a politically-correct, multi-cultural, multi-faith, globalist agenda.

The UK is now deriving the bulk of its laws from the EU, in addition of course there is the ever-vexing issue of Britain's colossal daily financial contribution to the European Union.

Indeed, we want our society to continue to be fair and just for all. But we speak for many of our countrymen when we say we are wearied of the dictates of foreign bureaucrats, busy bodying themselves in our national affairs with their often ludicrous rules and regulations, their courts overruling our time-tested judicial system, their corpus juris legal system displacing Habeas Corpus, their system of weights and measures being imposed on, and even penalising our traders. But there are even more vital reasons why we must COME OUT!

10 Reasons why we must get out of the EU

1. Because we are a Christian Covenant Nation — a separated people (see Revelation ch.18 v.4 with Exodus ch.19 v.5, ch.33 v.16 & Isaiah ch.8 v.12).
2. Because the system of Euro-Babylon is essentially antichrist, in both a religious and non-religious sense, promoting a secularist-antichristian agenda.
3. Because the EU is a continuation of the 'beast' system, and one-world agenda referred to in the Books of Daniel and Revelation.
4. Because the EU is fundamentally a counterfeit system in opposition to God's plan to establish His Kingdom on earth.
5. Because to belong to a regime which relegates our Queen to the status of a private citizen is nothing short of treason.
6. Because as citizens of Great Britain we are part of God's Kingdom programme, but EU citizenship is alien to that plan.
7. Because the longer we remain in Euro-Babylon, the longer we will share in its plagues, be they economic fallout, migrant issues or other hardships (see Revelation ch.18 v.4).
8. Because the EU is a self-confessed modern **Tower of Babel!**
9. Because it is Babylon in all aspects — Religious, Economic and Political — and if it fulfils those criteria it will be destroyed (see Revelation ch.18).
10. Because God is saying — 'COME OUT OF HER MY PEOPLE ...' (see Revelation ch.18).

The issues at stake are not party political, but constitutional. Our concern is to alert our people as to the seriousness of the situation. Our enemy is ignorance, our weapon is Truth! It is time to awaken the sleeping Bulldog, once the symbol of our British character. It is time to stand up and be counted, and join in this **Battle for Britain**, our heritage and national destiny. Let us make others, especially other Christians, aware of what is at stake. Above all, let us pray!

From a Christian standpoint — what we need is nothing less than a mighty outpouring of the Holy Spirit. But for our Prodigal Nation to return to God, we need the freedom to revoke ungodly laws, and bring back the Stone, which the builders have rejected!

The Epistle of James ch.5 v.16 writes

‘The effectual fervent prayer of a righteous man availeth much.’

On 23 June 2016 the United Kingdom will hold a referendum to decide whether to stay within the European Union, so prayer is essential for God’s will to prevail in the outcome.

Christian Soldiers, a group affiliated to UKIP[†] have published this apposite prayer for the current time.

‘Our Gracious Heavenly Father, we bring before you a nation that is in crisis with a ruling class that believes that legalising sinful behaviour is the way to deal with crime; a nation living in fear of terrorist attacks and children being groomed by adults for their own pleasure. Where do we start? As children of God we begin with Your Word that tells us in Proverbs ch.22 v.28 that we must not remove the ancient landmarks which our fathers have set. So, with this in mind we realise that being part of the EU has done just that. We have lost the ability to control our own country and we find ourselves at the mercy of corrupt politicians and greedy lawyers. Open the eyes of the people of this nation to see clearly how we should vote in the coming referendum. Grant us all the wisdom to choose the path that will lead to restoring those ancient landmarks together with the moral fibre that is sadly lacking at this moment in time. Through Jesus Christ our Lord, Amen.
